Dear customers,

We would like to make your start into environmentally and climate-friendly local public transport as easy as possible. We always keep your mobility wishes and the special situations in our region around the Rhine, Ruhr, and Wupper rivers in mind for this. As a result, we have put the second stage of our tariff reform into practice now, to improve overview and establish attractive offerings that make your everyday life easier.

Our target: Easy travelling

Clear rules, transparent prices, easy tickets.

What does that mean for you?

Price levels explained simply:

A: Rides in one tariff zone. The 2-cell rate is removed.

B: Rides into the adjacent area.

C: Rides throughout the VRR.

Cities with two tariff zones are combined – to improve overview. We adjust the boundaries of the tariff zones to your paths.

Popular offerings such as the DeutschlandTicket and the eezy.nrw are retained and strengthened.

Why do we do this?

To help you find the right ticket quickly.

This will make using the bus and train simpler and more attractive for you.

For more climate protection and modern mobility. Find all details in this brochure.

**Have a good trip
with bus and train!**

Tickets for regular rides

DeutschlandTicket

Buying in the VRR – travel nationwide: Going anywhere in Germany by bus or train, without having to think about city or transport association area boundaries? Protecting the climate and environment at the same time? The DeutschlandTicket makes it very easy.

The DeutschlandTicket subscription for EUR 63.00 per month is available as a digital ticket comfortably via your smartphone or chip card. You can purchase the DeutschlandTicket via the VRR App, the transport companies' apps, at the KundenCenters, or at the sales outlets in your area. You can carry your flat rate for regional public transport in your pocket this way, using buses and trains anywhere in Germany whenever, wherever, and as often as you want.

Who can profit from the DeutschlandTicket?

The DeutschlandTicket will pay off if you travel by bus and train in the VRR, in NRW, or even anywhere else in Germany. It is particularly comfortable for commuters and frequent travellers who want to travel by bus and train while protecting the environment. The DeutschlandTicket is a personalised ticket that cannot be transferred to any other persons.

What type of public transport will you be able to use?

It can be used for all regional public transport vehicles in Germany, i.e., all buses, trams, light rail, and subway trains as well as to travel in 2nd class in any city trains, regional trains, and regional express trains. The DeutschlandTicket cannot be used for any long-distance trains (e.g., ICE, IC, EC) or with any private providers such as FlixTrain.

DeutschlandTicket Schule

What is the DeutschlandTicket Schule?

The DeutschlandTicket Schule is a discounted bus and train ticket (chip card) for pupils. Pupils can use the ticket to travel all day, to school and in their free time alike. The ticket is valid throughout Germany and around the clock.

How do I get the DeutschlandTicket Schule and what does it cost?

The requirement for a DeutschlandTicket Schule is that the school authority of your school has contractually chosen the DeutschlandTicket Schule. If the route to the nearest school is longer than 3.5 km, you may be entitled to travel expense coverage. For primary school children, the required distance is only 2 km. For upper secondary schools, the limit is 5 km. Please contact your school's secretary directly to verify eligibility and receive the corresponding application. Eligible persons will only pay the legally required shares (EUR 7.00 or EUR 14.00 per child). If you do not have any claim to transport expense coverage, you can purchase a DeutschlandTicket Schule for your child as a self-payer at EUR 43.00 in a subscription that can be terminated every month.

Can I continue using a SchokoTicket if the school authority of my school has chosen the DeutschlandTicket Schule?

If the school authority chooses the DeutschlandTicket Schule, pupils of the respective school can only use the DeutschlandTicket Schule anymore. This applies to eligible people as well as to self-payers. The ticket switch enlarges the area of application without any financial disadvantages.

Can I purchase a DeutschlandTicket even if my school has still chosen the SchokoTicket?

You can terminate your current SchokoTicket with your transport company and purchase a regular DeutschlandTicket for EUR 63.00 there.

DeutschlandTicket Job

Travelling to work by bus and train not only saves you the daily stress of rush-hour traffic and searching for a parking space, it also saves you money. There is an offer for companies, associations, and authorities that makes travelling by bus and train even more attractive at a discount of 30%: The DeutschlandTicket Job.

Everyone can benefit from this

Employees:

- low-cost and safe ride to the workplace
- no congestion, relaxed travelling
- no difficulty finding a parking space
- no parking fees
- free use of the ticket in one's free time

Employer:

- positive contribution to corporate culture
- other use of parking area
- fewer commuting accidents
- well-rested employees
- no parking fees or travel reimbursement
- the workplace becomes more attractive
- no travel cost settlement

The environment will profit, too. After all, the more people use the bus or train, the less car exhaust will put a strain on the atmosphere.

Is your employer not a contracting partner yet?
Find the information here:

What does the DeutschlandTicket Job cost for companies and employees?

One requirement must be met to be able to apply for the DeutschlandTicket Job: The employer must grant a subsidy of at least 25% of the issue price of EUR 63.00. The transport company will then grant a discount of 5% of the issue price of EUR 63.00. The DeutschlandTicket Job will cost up to EUR 44.10 for employees accordingly, depending on the amount of the employer's surcharge – it might even be free of charge.

If the orderer does not pay the employer's surcharge, employees will be able to acquire the regular DeutschlandTicket at EUR 63.00.

The price of the DeutschlandTicket Job is made up as follows:

DeutschlandTicket price	63.00
Employer's surcharge of at least 25% of the issue price	-15.75
Transport company discount 5% of the issue price	-3.15
Maximal price of the DeutschlandTicket Job for employees	= 44.10

DeutschlandTicket Sozial

What is the DeutschlandTicket Sozial?

The DeutschlandTicket Sozial is a discounted bus and rail ticket for eligible customers. The ticket is valid throughout Germany and around the clock.

How can I purchase the DeutschlandTicket Sozial and how long will I be bound to the subscription?

You can purchase the DeutschlandTicket Sozial in a subscription that can be cancelled every month. If you no longer need it, you can terminate your DeutschlandTicket Sozial free of charge by the 10th day of a month, effective at the end of the month. If you do not terminate it, it will be renewed month by month and the amount will be debited from your account accordingly. Example: If you no longer wish to use the DeutschlandTicket Sozial from March onwards, terminate it by 10 February with the transport company from which you bought it.

How can I purchase the DeutschlandTicket Sozial?

You can receive the DeutschlandTicket Sozial if you, for example, receive unemployment benefits II and social benefits (SGB II), social assistance (SGB XII), housing allowance, or if you are eligible for benefits under SGB VIII, eligible under the Asylum Seekers' Benefits Act, or eligible under the Federal Pensions Act.

You are not certain whether you are eligible for the DeutschlandTicket Sozial?

Inquire from your local authority in your city. They will also provide you with the necessary certificate of eligibility (carrier card) or a notice for purchase of a DeutschlandTicket Sozial. Take this certificate of eligibility to your transport company and obtain the DeutschlandTicket Sozial there.

eezy.nrw in the VRR

eezy.nrw in the VRR lets you start your ride on the bus or train spontaneously while often saving money as compared to a single ticket. How does it work? A check-in and check-out system calculates the fare based on your distance travelled. You will only be charged for the direct linear distance between boarding and disembarkation stop!

How does eezy.nrw work?

- Download the VRR app or the app from a transport company
- Register in the app's ticket shop, file your means of payment, switch on GPS, and activate mobile data
- In future, it's simply: Check in – travel – check out
- The fare will be calculated automatically after each ride.

What does my ride cost?

A basic fee will be charged for every ride with the eezy.nrw in the VRR. The price per started linear kilometre will be added to this.

Does eezy VRR have integrated cost protection for travels with eezy.nrw in the VRR?

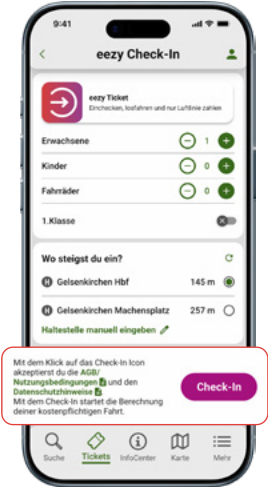

VRR has a practical price cap per ride. If the ride with eezy.nrw in the VRR would be more expensive than the regular VRR EinzelTicket at the required price level, the fare will be reduced to that of the respective Einzel-Ticket price. Your fees are capped at EUR 63.00 per month (per person in 2nd class).

Would you like to travel anywhere in NRW?

It's no problem with eezy.nrw!

eezy.nrw will let you travel anywhere in NRW. Check in comfortably at the starting stop before setting out and check out again at your destination stop. The app will also automatically calculate the correct fare for journeys anywhere in NRW. A price cap per trip is applied when travelling cross-association as well. This is based on the NRW EinzelTicket (single ticket).

Set out all eezy:

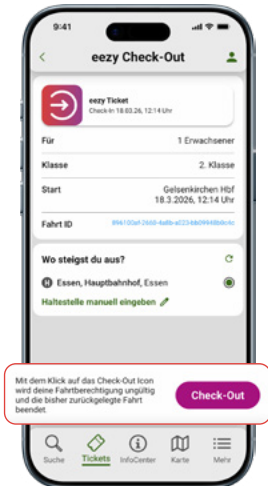

1

Start your journey by checking in via the app before boarding the vehicle.

2

You will receive a digital transport authorisation to show on your smartphone during an inspection.

3

End your trip by checking out in the app after leaving the vehicle. The fare is calculated and debited automatically.

Easily book passenger transport, 1st class, and bike

Taking along persons

You can add up to ten adults and an unlimited number of children to your eezy.nrw journey in the VRR. Taking along passengers is linked to the 24-hour period of the booking person.

Fare per adult	Fare per child*
Charged at the same basic and linear kilometre price as for the booking person	50% discount per child and trip

*Younger than 15 years of age

Bicycle transport in the VRR

Bicycle transport in the VRR Bicycle transport with eezy.nrw in the VRR is charged at a one-off flat rate of EUR 4.60 per 24-hour period and bicycle. The bicycle ticket is linked to the 24-hour period of the person making the booking and is therefore non-transferable. The bike taken along must also be checked in during this period at each subsequent check-in and will be displayed at EUR 0.

Additional booking 1st class in the VRR

1st class travel in the VRR is possible with eezy.nrw. We charge a flat-rate surcharge of 50% on the basic fee and beeline price per person and trip when using this.

Price cap for 24 hours

The 24-hour period starts with check-in for the first ride and ends 24 hours later. If you make several rides with eezy.nrw in the VRR during this period, automatic **cost protection** is also built in for you. You will pay no more than EUR 28.90 (per person in 2nd class) for your journeys with eezy.nrw within the VRR. The corresponding price cap is EUR 35.20 for travelling across NRW (per person in 2nd class). The 24-hour price cap applies separately for any passengers taken along.

Advice: You can use the **VRR app** to calculate how much your ride will cost with eezy.nrw in the VRR before setting out.

Find an overview of all eezy network tariffs at www.vrr.de/eezy.

Good to know!

Can I see before my trip what the eezy.nrw ride will cost me as compared to the conventional fare?

The timetable information will display the fare for the calculated trip in advance. You can also see what the conventional fare would have been.

eezy.nrw

Why does eezy.nrw reserve an amount of ten euros on the means of payment when checking in?

The fee of ten euros that is reserved on the means of payment when checking in with eezy.nrw serves as a kind of deposit. It will be reserved until the final price is known at the end of the trip. The reservation also serves to determine whether the filed means of payment can be debited at all. This reservation will be reversed after a period of time that differs from bank to bank.

Can I add further adults, children, or bicycles?

A basic fee and the kilometre-dependent working price will be charged for every additional person booked, just as for the main user. The fare for children is half that for an adult, but never more than the comparable EinzelTicket for children would be.

There is a flat-rate surcharge for 24 hours for taking along bicycles.

The price cap per day and person taken along is the same as for the person taking them along (reduced to half for children). It is linked to their 24-hour period.

Do I have to leave location services enabled at all times?

Location services must stay on for proper calculation of the fare after the journey. Location services do not necessarily need to be switched on if you want to buy tickets in the conventional fare or only need timetable information. However, the suggestions in the stop search in the information section are tailored to the current location and can be displayed more quickly with the service enabled.

Subscription overview

Other subscription tickets are also available to supplement the DeutschlandTickets. Some of these have additional benefits that are shown here in comparison. Detailed information can be found at www.vrr.de. The DeutschlandTicket is always cheaper by comparison.

Good reasons for a subscription

- Your subscription ticket gives you the flat rate for bus and train. Enabling you to take the bus or train spontaneously at any time.
- Use your travel time sensibly and remain independent of parking space availability or fees. You will also protect the environment.
- Your mobility guarantee applies if we are unable to take you to your destination on time in an exception (s. page 34).
- The subscription can be terminated at any time:

You can terminate your VRR subscription ticket at the end of the month at any time. The term of your subscription will renew by one consecutive month from time to time if the transport company has not received notice of your termination by the last day of the current month.

You can terminate DeutschlandTickets at the end of the month by the 10th day of the month every month. A termination fee generally is not charged.

Bicycle transport

Generally speaking, the transport companies are happy to take along your bicycle. In the interest of all passengers, however, this will depend on the time of day, traffic volume, and the available space. Therefore, please enquire in advance about the respective rules of your transport company. If you want to take along a bicycle in the transport association area, you need a corresponding ticket for taking along a bicycle. Ticket2000 has bicycle transport included in the ticket features already. For a day trip beyond the borders of the network tariff zone, you can use the 24hFahrradTicket NRW or the NRWUpgradeFahrradMonat in combination with a single ticket, subscription, or monthly ticket of the VRR or any other ticket of the NRW rate or the DeutschlandTicket.

The VRR price levels

Price level A

Price level A usually applies to trips within one city.

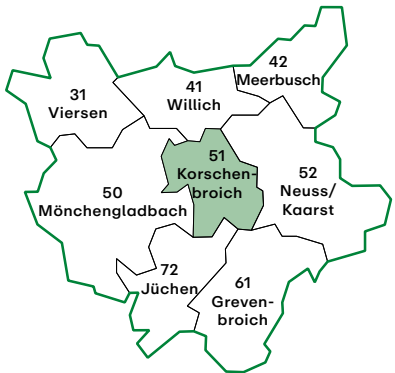

Example price level A Dorsten

Price level B

Price level B lets you choose a central tariff zone from which you can then travel to the directly adjoining tariff zones. Remember that the central tariff zone does not have to be the tariff zone in which you live. For example, you may be living in Mönchengladbach and yet choose Korschenbroich as your central tariff zone.

Example for price level B with central tariff zone Korschenbroich and adjacent tariff zones

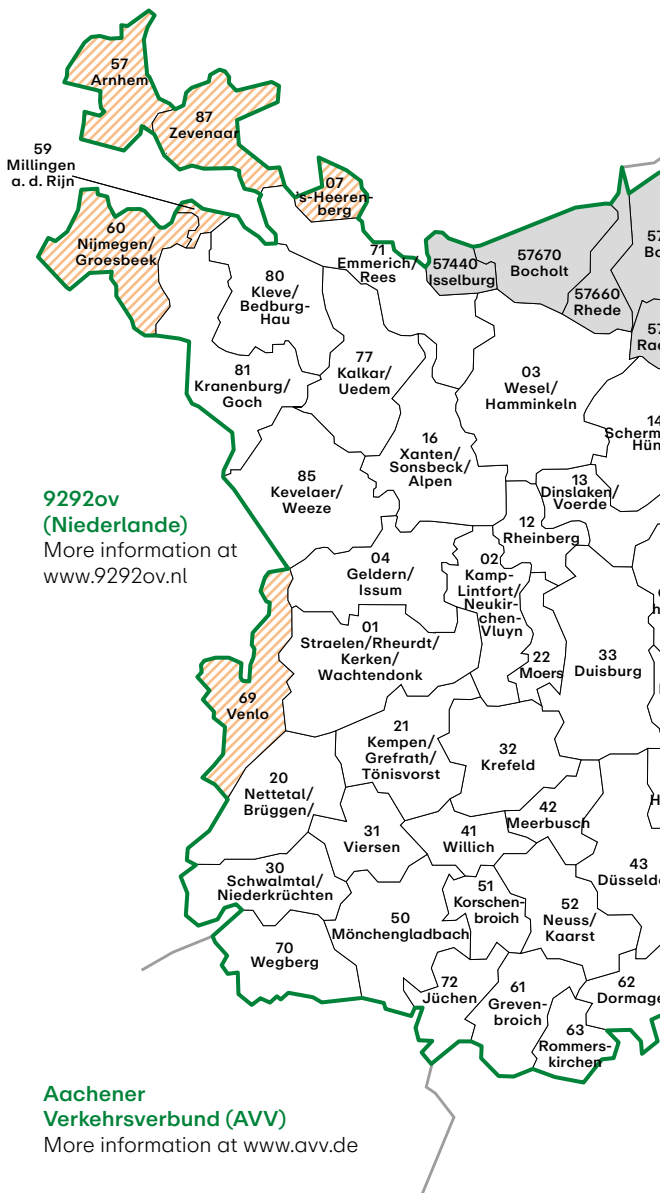

Price level C

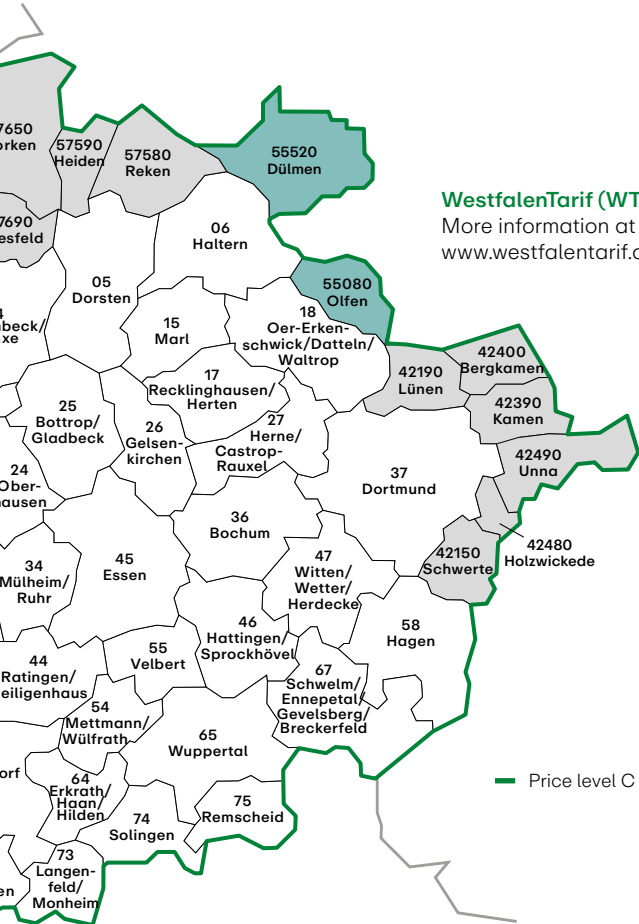

Tickets of price level C let you travel in the entire association tariff network.

Find an overview of price level C on the following pages.

Key facts

Timetable app

Do you want to travel by bus and train and do you need information and services around your trip? The timetable apps of the VRR and transport companies for iOS and Android will keep your personal travel companion at hand at all times. Simply enter your start and destination and have the app show you the local public transport connections to match. Any interferences in operation during a trip will be reported to your smartphone. The VRR and transport company apps can be found in the respective app stores.

Pet transport

Pets may be taken along free of charge on regional public transport and SPNV both in the VRR and anywhere in NRW. Safety and order of the operation as well as passengers travelling with the vehicle must not be impaired by taking along pets.

KombiTicket

The KombiTicket combines admission to an event with a ticket for public transport in the VRR. For example, if you are attending any trade fairs, sports events, visiting a theme park, or doing similar activities, your ticket may already include a bus and train ticket as well.

Whether this is actually the case can be told at a glance since each ticket states in writing whether it can be used as a KombiTicket. A barcode may have to be requested for this.

The tickets are valid on the day of the event. They entitle to travelling to the event location and back from it. Your KombiTicket is available through the corresponding organisers or their pre-sales offices, and from any sales offices with a KombiTicket logo.

The KombiTickets entitle the holder to travel in 2nd class on any buses, trams, light rail vehicles, city trains, the Wuppertal suspension railway, and the surcharge-free trains of the railway companies for the respective areas of validity.

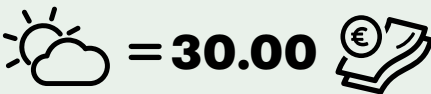

Mobility guarantee

We want to get you to your destination quickly at all times. If we fail at doing so at any point, e.g., due to traffic jams, parking offenders, or vehicle and operating equipment interferences, you will profit from our mobility guarantee. It applies to all tickets under the VRR and NRW rates.

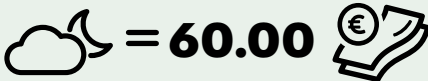

It applies if the local public transport you are trying to use is cancelled or departs from the departure stop with a delay of at least 20 minutes as compared to the timetable. You must transfer to the alternative means of transport within 60 minutes. If you travel by IC/EC or ICE instead, or if you are taking a taxi or a sharing service (e.g., car, bike, e-trekker sharing, on-demand transport), we will reimburse part of the costs that arise for this.

As a Ticket2000 customer, you will receive up to **EUR 60.00** for the whole day. Users of any other tickets will receive up to **EUR 30.00** from 5 a.m. to 8 p.m. and up to **EUR 60.00** from 8 p.m. to 5 a.m.

05:00 a.m. to 08:00 p.m.

08.00 p.m. to 05:00 a.m.

The only thing you need to do for this is submit an application to your transport company **within 14 calendar days** after the delay. For the corresponding form, go to your KundenCenter or download it from **www.vrr.de**.
